

## Upcoming seminar

### **Modern Acupuncture Research and Treatment on Neurological Diseases**

On **March 25, Thursday 4pm-6pm**, a seminar will be held by FCIM on this campus, classroom 2-3. **Dr. Jun Yang** will present an in-depth, thorough and comprehensive discussion regarding 'Modern Acupuncture Research and Treatment on Neurological Diseases'. It is a great opportunity for all students to strengthen their knowledge and get a new insight into modern acupuncture research in China.

Dr. Jun Yang is the president of Affiliate Hospital of An Hui TCM University. He also is a Master level Tutor. He specializes in 'neurological disorders'. In his many years of clinic practice, he has accumulated in various rich clinic experiences. It is a honor to have this Master sharing his knowledge with us.

All students and alumni are welcome to attend this seminar.  
Thursday afternoon course instructors will adjust course hours accordingly.
