Phone Number: 208-765-1994

Title or Position Available: Hard Working, Success Oriented Acupuncturist Wanted

Job Description or practice description: Do you need a MENTOR to teach you how to have a successful practice? There are a small percentage of acupuncturists who have REALLY successful practices and we're one of them.

If you are selected for this position, you'll learn: Streamlined, proven procedures for seeing high-volume, without sacrificing quality of care. How to have a booming, cash practice, focused on patient care, not insurance companies. How to generate a consistent stream of new patients. How to effectively communicate with patients and help them stay motivated to achieve their health goals. Treatment protocols that work consistently and how to integrate whole food nutritional supplements for even greater results. How to manage and resolve complex health challenges. And more.

Our focus is on helping you reach success as quickly as possible. We provide intensive, ongoing mentorship and training, cover overhead costs, and provide a base salary (no starvation period!) with the opportunity to quickly get into bonus and earn 6-figures.

We are located in beautiful Coeur d'Alene, Idaho where people are awesome, love alternative medicine and the lifestyle is in stark contrast to a high population and high cost city.

If you're serious about growth and true success, and you're ready to work hard for your success, we'd like to meet you!

Applicant Instructions: Record a 1 to 3-minute video of yourself explaining who you are, why you want to work at Vital Health and why you think you would be a valuable member of the Vital Health team. Email us your video and a resume to vital@vitalhealthcda.com.
