Title or Position Available: space for rent

Job Description or practice description: Space For Rent

Unique opportunity.

I am interested in helping a self motivating acupuncturist get started with their business or one looking for change. With Mississippi legalizing acupuncture about a year ago, it has created an opportunity for someone to be the FIRST acupuncturist in most areas of the state, as well as introduce an enormously underserved population the benefits of acupuncture. There is a vibrant, inquisitive, and multicultural population in this area that's never been exposed to acupuncture, but have inquired interest in my 18 years of practice.

I have, for rent (utilities and internet included, depending on internet demands), a VERY affordable office space within a well established chiropractic business of over 50 years. Rental space will offer a separate private entrance, waiting area, room for an office, and two private therapy rooms (about 700 sq/ft). The building is shared with a bustling concierge style chiropractic office making affordability and convenience a priority, while allowing more people the ability to access care.

Currently, this office, located in Petal, MS (<https://goo.gl/maps/Q3nuHZMAyms>), is open 2 days a week due to dual business locations, and is a bedroom community outside of Hattiesburg, MS. Hattiesburg, being a hub in south Mississippi, offers access to amazing destinations all within a few hours or less drive to most. <https://www.visithburg.org/>.

Please contact us at hattiesburgconnect@gmail.com for more information, questions, and flexible/sliding scale pricing options.
