Title or Position Available: Acupuncturist/Herbalist, Pediatric Acupuncturist in Training

Job Description or practice description: Light & Dark Acupuncture is seeking a hard-working, self-motivated acupuncturist and herbalist who loves children and is looking for a place to call home to fill our Acupuncture & Herbalist/Pediatric Acupuncturist in Training position.

AT LIGHT & DARK ACUPUNCTURE, WE PRIDE OURSELVES ON OUR PEDIATRIC TRAINING PROGRAM AND SERVICES.

This position focuses on the intricate skill of pediatric acupuncture, including the emotional skill and mental agility required to treat all ages, from infants to adults. It takes more than knowledge of needles and TCM patterns to treat a newborn infant, a reluctant child, or a sullen teenager. Few acupuncturists report receiving thorough training and experience treating children in school. This is your opportunity to become a pediatric specialist while also continuing to treat adults!

This position is ideal for a practitioner who:

Is seeking comprehensive training in the emotional, mental, and academic skills required to be an expert pediatric acupuncturist

Is passionate about practicing with Chinese Herbal Medicine in addition to acupuncture

Is willing and eager to be mentored by another acupuncturist and interested in working with an acupuncture team

Has a compassionate, kind, and patient bedside manner, and is able to prioritize the patient's experience above all else

Is detail-oriented, thoughtful, attentive, and appreciative of protocol, procedures, and schedules

Prefers to work as a W2 employee in a setting where all supplies are provided

Has weekend and evening availability

Is interested in increasing hours to a full-time position as client and workload grow over the course of the internship

If you meet this description, apply now by emailing resume and cover letter to info@lightanddarkacu.com or learn more about our acupuncture/herbalist position here: <https://www.lightanddarkacu.com/acupuncture-position>

Join our team to help kids and their families feel heard, understood, accepted, loved and validated as they develop a positive relationship with Eastern medicine and their own health.

Date needed: ASAP
